

NOW RECRUITING PARENTS!

VASCULAR ANOMALIES CARE COORDINATION STUDY

Do you live in a **rural community** far from your child's vascular anomaly specialists?

We want to hear about your experiences coordinating your child's healthcare.

Sign up for an interview today!

Participants who complete an interview will receive \$40

You are eligible to participate if...

- You are a parent or guardian of a child under 18 with a vascular anomaly
- Your child is seen by vascular anomaly specialist(s) at a vascular anomaly center
- You live in a rural community, far from your child's vascular anomaly specialists
- Your child sees a primary care doctor (i.e., pediatrician) for routine care
